U-HERATIN

OPERATION INSTRUCTION AND Q&A

STEP 1

Wash hair with U-keratin Purifying Shampoo, rinse with water, towel hair dry.

STEP 2

Apply U-keratin treatment on the hair dividing them into sections, comb through every section, allow hair to absorb solution for 20-30 minutes. Then use comb to remove extra cream and blow hair dry.

STEP 3

With a heat resistant comb, divide hair into 4 sections. Use a 450°F (230°C) flatiron, start from the neck, taking 1/8 inch sections. Slowly move the iron from roots to ends 5~7 times (7~10 times for extremely curly/coarse hair) infusing the Brazilian Keratin Treatment into the hair shaft. For chemically-treated/damaged hair reduce heat to 400°F(200°C).

STEP 4

keratin daily shampoo and daily conditioner shall also be followed to maintain the perfect state of the hair after the treatment.
