## OPERATION INSTRUCTION

Instruction for UBOND MATE(For any type of rebonding cream straightening or waving):

**STEP 1**

Shampoo the hair and rinse it .Towel it dry and make it clean.

Apply UBOND MATE fully covered on the hair , while at the same time apply water to make it absorbed by hair. Please repeat 5-6 time in each portion of the hair. Leave it for 30 minutes.

**STEP 2**

**STEP 3**

Mix UBOND MATE with rebonding cream A at the ration of 1:1 and also add some water to make the cream easy to be absorbed. Then apply on hair evenly at the same time with water on it to make it be easily absorbed.

Rinse the hair and blow dry it .Use flat iron (160-200 Celsius degree) to make whole hair in a straight state.

**STEP 4**

**STEP 5**

Mix UBOND MATE with rebonding creamB at the ration of 1:1 and apply evenly on hair, at the same time apply water to make the cream easy to be absorbed.

Rinse the hair and apply UBOND MATE again on the hair for 10 minutes. Rinse and blow it dry. Please use the flat iron (180 Celsius degree) to straighten the hair again until it is total straight and smooth.
